THE COMPANY

ABOUT LATINI

WHO WE ARE

Latini Engineering Limited (LEL) is a Nigerian engineering, procurement and supply company serving industrial, commercial and public-sector clients.

Its services include general engineering, equipment leasing and maintenance, consultancy, and the procurement and supply of machinery and equipment.

Our approach emphasises practical solutions, consistent service quality, workplace safety and strong client relationships.

INDIGENOUS EXPERTISE • PRACTICAL ENGINEERING • QUALITY DELIVERY

OUR APPROACH

ENGINEERED TO DELIVER

We combine technical capabilities, equipment access and client collaboration to support complex projects.

01 UNDERSTAND

Understand client requirements, site conditions, project scope and delivery priorities.

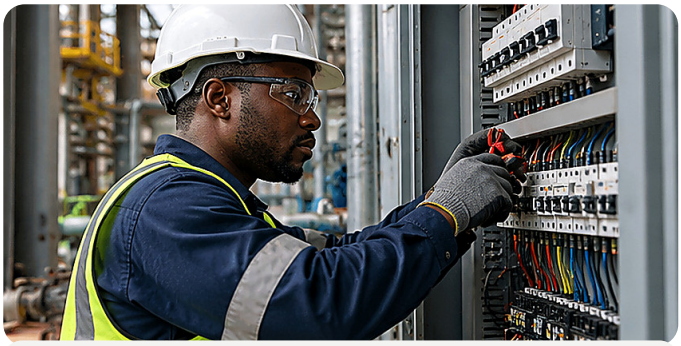

02 PLAN

Develop a workable technical approach with appropriate resources and sequencing.

03 EXECUTE

Carry out work with attention to quality, safe site practices and clear communication.

04 SUPPORT

Provide maintenance, technical guidance and follow-up support as required.

OUR DIRECTION

PURPOSE & VALUES

MISSION

To set the pace in the engineering industry in Nigeria, Africa and Europe through technology, quality output and exceptional customer relations.

VISION

To be recognised among leading engineering companies for technical competence, consistent service quality and professional excellence.

OUR CORE VALUES

01 INTEGRITY

02 INNOVATION & QUALITY

03 TEAMWORK

CAPABILITIES

OUR SERVICES

Integrated services supporting engineering projects from planning and equipment sourcing through execution and maintenance.

01 GENERAL ENGINEERING

Construction, marine, electrical and instrumentation, mechanical systems and fabrication.

02 PROCUREMENT & SUPPLY

Sourcing of industrial, construction, electrical and mechanical machinery and equipment.

03 EQUIPMENT LEASING & MAINTENANCE

Access to engineering machinery, with operational, preventive and corrective maintenance support.

04 CONSULTANCY

Technical advice, project evaluation, budgeting and practical engineering solutions.

FOUR PILLARS. ONE COMMITMENT TO QUALITY.

GENERAL ENGINEERING

CONSTRUCTION

OUR SERVICES

Engineering support for civil works, built environments and infrastructure development.

SCOPE OF SERVICES

- Road construction
- Bridge construction
- Housing and estate developments
- Shopping complexes, factories and related structures

CIVIL WORKS & INFRASTRUCTURE

Latini combines engineering planning with project execution support to meet defined site and client requirements.

GENERAL ENGINEERING

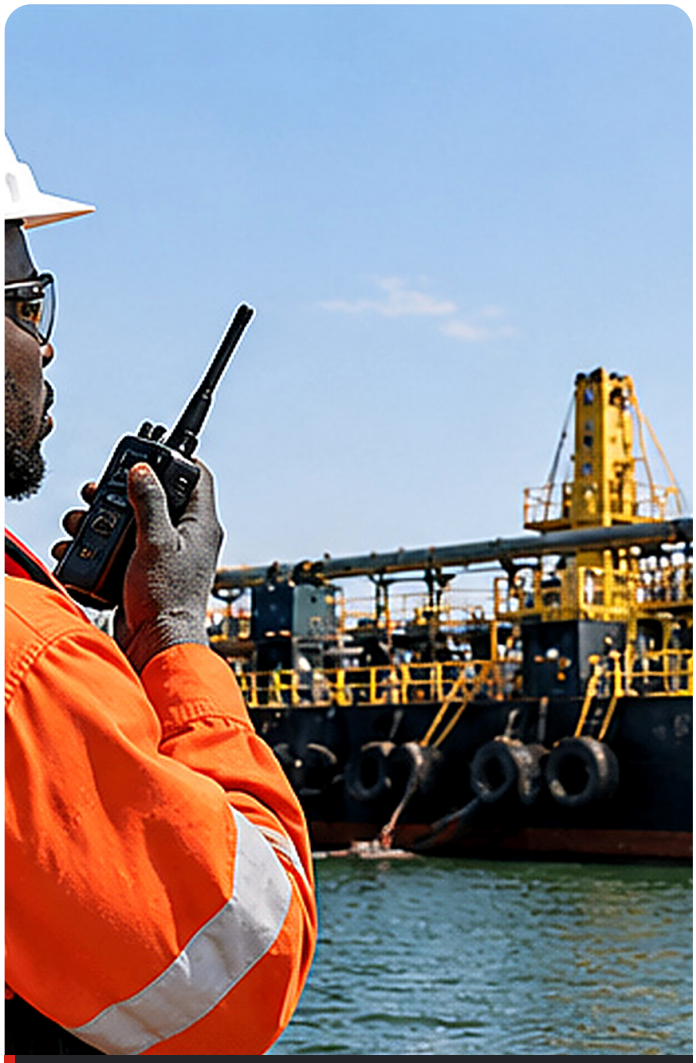

MARINE ENGINEERING

OUR SERVICES

Engineering and equipment services supporting marine transport, logistics and vessel operations.

SCOPE OF SERVICES

- General haulage services
- Self-propelled fuel barges
- Ramp barges and dumb barges
- Vessel maintenance and marine equipment support

MARINE & VESSEL OPERATIONS

Capabilities include marine service support, equipment coordination and operational assistance.

GENERAL ENGINEERING

ELECTRICAL & INSTRUMENTATION

OUR SERVICES

Electrical engineering services for industrial installations, distribution and automation.

SCOPE OF SERVICES

- Industrial electrical wiring and installations
- Supply of electrical and electronic equipment
- Electrical troubleshooting and repairs
- Control systems, PLC, SCADA and telemetry
- Instrumentation, calibration and safety systems

INDUSTRIAL POWER & CONTROLS

Practical expertise for industrial and infrastructure projects.

GENERAL ENGINEERING

MECHANICAL & FABRICATION

OUR SERVICES

Mechanical engineering services covering industrial systems, pipelines, fabrication and plant equipment.

SCOPE OF SERVICES

- Mechanical system design
- Welding and structural fabrication
- Pipeline and storage system construction and maintenance
- Insulation services; pressure vessel inspection and repairs
- Pumps, valves, turbines, motors, boilers and heat exchangers

MECHANICAL SYSTEMS & PROCESS EQUIPMENT

Practical expertise for industrial and infrastructure projects.

SUPPLY CHAIN

PROCUREMENT & SUPPLY

OUR SERVICES

Sourcing and supply of machinery, components and industrial equipment.

SCOPE OF SERVICES

- Industrial equipment and machinery
- Construction equipment
- Electrical equipment
- Mechanical equipment
- Import and export coordination
- Clearing and forwarding support

EQUIPMENT SOURCING

Practical expertise for industrial and infrastructure projects.

ASSET SERVICES

EQUIPMENT LEASING & MAINTENANCE

OUR SERVICES

Equipment rental and maintenance solutions aligned with the needs of engineering operations.

SCOPE OF SERVICES

- Engineering equipment leasing
- Heavy machinery and fleet support
- Preventive and corrective maintenance
- Technical equipment servicing
- On-site equipment and operational support

MACHINERY & ASSET SUPPORT

Practical expertise for industrial and infrastructure projects.

PROFESSIONAL SERVICES

CONSULTANCY

OUR SERVICES

Engineering consultancy designed to support sound technical and project decisions.

SCOPE OF SERVICES

- Engineering project evaluation
- Cost estimates and budget planning
- Technical assessments and recommendations
- Practical problem-solving
- Operational and project improvement advice

TECHNICAL GUIDANCE & PROJECT REVIEW

Our consultancy offering focuses on informed decisions, realistic budgets and effective project delivery.

ENGINEERING RESOURCES

EQUIPMENT PORTFOLIO

Equipment and machinery supporting engineering, construction and field operations.

EXCAVATORS

MARINE / BARGES

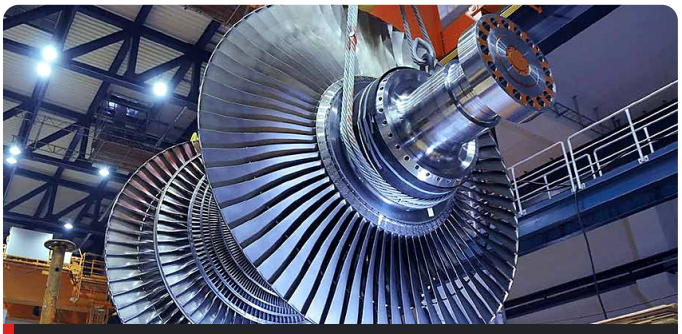

WELDING

SURVEY & CONTROL

CRANES / HEAVY LIFT

FABRICATION

OPERATING STANDARDS

HEALTH, SAFETY & CORPORATE POLICY

- Protect the health and safety of personnel, clients and communities.
- Provide suitable personal protective equipment (PPE) where work-related risks require it.
- Promote safety meetings, workplace inspections, audits and incident investigations.
- Keep equipment fit for purpose and train personnel in its safe operation.
- Manage operational waste responsibly to help protect the environment.

LOCAL VALUE

NIGERIAN CONTENT COMMITMENT

LOCAL PARTICIPATION

Latini Engineering Limited supports the development of Nigerian technical capacity and participation in engineering operations.

The company prioritises recruitment, training and skills development, while seeking opportunities to engage qualified Nigerian suppliers and service providers and use locally sourced materials.

FOCUS AREAS

- Skills transfer and training
- Development of local professionals
- Participation of Nigerian suppliers
- Long-term local industry capacity

RESPONSIBILITY

COMMUNITY RELATIONS

OUR APPROACH

Respectful engagement with host communities is an important part of responsible project delivery.

Latini aims to plan and carry out activities with sensitivity to local needs, maintain constructive communication with stakeholders and support clients in addressing community concerns.
